### STATE OF WASHINGTON DEPARTMENT OF ECOLOGY

#### 985 NOTICE OF APPLICATION TO APPROPRIATE PUBLIC WATERS TAKE NOTICE:

That William Turner of Raymond, Washington on January 6, 1998, under Application No. S2-29577 filed for a permit to appropriate public waters, subject to existing rights, from the South Fork Willapa in the amount of 0.20 cubic feet per second as needed year round each year for irrigation during the irrigation season and stockwater. The source of the proposed appropriation is located within the SW1/4NW1/4 Section 8, T. 13N., R. 8 W.W.M., of Pacific County, Washington.

Protests or objections to approval of this application must include a detailed statement of the basis for objections and are subject to public disclosure. Indicate in your letter if you prefer to remain anonymous. Protests must be accompanied by a two dollar (\$2.00) recording fee and filed with the Department of Ecology, at the address shown below, within thirty (30) days from: August 13, 2003.

Dear Mr. Turner:

Re: Water Right Application No. S2-29577

We have received your application for appropriation of water and it has been assigned the number referenced above. If you contact us in the future regarding this application, it will help us serve you more quickly if you refer to this application number.

Please complete the following two steps:

1. Enclosed is a notice of your application, which must be published once a week for two consecutive weeks in a newspaper published in **Pacific** County. The newspaper should have general circulation in the locality where the water is to be diverted and used, and must be qualified as a legal newspaper. Publishing the notice in a remote part of the county, when not necessary, may be cause for you to be required to republish the notice in a designated newspaper. The enclosed newspaper list may help you select an appropriate newspaper for the area.

Publication should start within 30 days from the date of this letter.

To assure accuracy, it is your responsibility to check the notice carefully before having it published. If you find an error, please contact this office for correction and/or resolution. If we later find an error in your public notice, you will be required to re-publish an amended notice at your expense.

2. After publication, the publishing newspaper should provide you with a notarized original Affidavit of Publication, which should be forwarded to our office as soon as possible. Please do not send a photocopy of the affidavit.

If you have any questions or concerns about any of this information, please call (360) 407-0240. Thank you for your attention to this matter.

Sincerely,

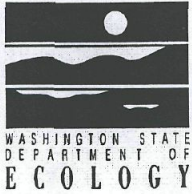

Sheri Carroll  
Water Resources Program

Dear Water Right Applicant:

Re: Water Application No. S2-29576

We have received your application for a water right and have assigned the application number indicated above. It would help us if you referred to it by number in future correspondence.

Due to a shortage of staff to meet the demand for service, new applications are being accepted and filed for future processing, but a public notice will not be sent at this time. Because we have approximately 5,000 pending applications for water rights statewide, it may be some time before we can get to your application. When we begin processing your application, we'll prepare a public notice and send it to you with publication instructions. It is very important that you notify us of any change of address or ownership of the property; or, if your plans for water use change.

We are working on the oldest applications on file as quickly as we are able. We are also looking for ways to speed up decision making. Please keep in mind that filing an application for water use does not authorize use of the water. With the many complexities of water law, including issues such as senior rights, fish habitat, and instream flows, favorable permit decisions are not always possible. I regret that a decision on your application cannot be made sooner and strongly advise against investing further in your project unless you are issued a water right permit.

I apologize that this is the best we can do currently. To better manage limited staff time, we have set the following office hours:

Telephone Calls

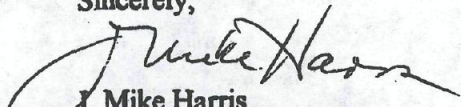

Mondays and Wednesdays  
8:00 am to 4:00 pm

Walk-ins

Tuesdays and Thursdays  
8:00 am to 12:00 (noon)

We will respond to your questions and concerns as soon as possible. Thank you for your continued patience.

Sincerely,

  
J. Mike Harris  
Water Resources Supervisor
